## **STUDENT SATISFACTION SURVEY REPORT**

To impart quality education and provide competent resources to the society, stakeholder's inputs play important role. In order to assess the quality of teaching learning process in the institute, as framed by NAAC in its assessment guidelines, a student satisfaction survey (SSS) was conducted. The questionnaire was taken from NAAC portal for online SSS. The survey form was sent to all the students of the college and the completed surveys were received online. The analysis of SSS revealed that students were generally satisfied by the facilities provided by the institute and the teaching resources matched their expectations. The composition, response and overall analysis of the results as well as the question-wise responses are given below.

Almost 93.8% of students acknowledged that more than 70% of the syllabus was usually covered in class. While 70.6% of the students were satisfied with the teachers' preparation for the class, 28.6% of students appreciated the thorough preparedness of teachers. 67.1% of the students felt that the communication ability of the teachers was always effective. 45.5 % students agreed that the teachers' approach to teaching was "excellent" and 32.1% perceived the teachers' approach to be very good. The internal evaluation process and transparency in the system was well applauded by 60.7 % of the students and 28.6 % recognized that the evaluation process was usually fair. 63.4% students agreed that their performance in assignments was discussed with them. Acknowledging the continuous efforts by the institute, 50.9% of students mentioned that the field trips were arranged on a regular basis. 94.4% of students were happy with the contribution of the institute towards their cognitive, social and emotional growth through teaching and mentoring while 89.4% mentioned that the institution provided multiple opportunities to learn and grow. 89.3 % students were convinced that teachers inform them clearly about their expected competencies, course and programme outcomes. 50% students felt that that their respective mentors did a good job following up with the tasks assigned to them every time. 87.5% of students confirmed that the teachers utilized practical examples and applications while explaining the theoretical concepts in class. 58.9 % students fully agreed and 28.6% reasonably agreed that their teachers were able to identify their strengths and encouraged them to understand the subject deeper by providing the right level of challenges. 84.9% students said that their teachers were able to identify the challenges faced by them and also help them to overcome their weaknesses.

The effort made by the teachers to use student centric methods such as experiential and participative learning as well as problem solving methodologies was recognized to a great extent

by 56.3% students and moderately appreciated by 40.2%. 51.8% students agreed that the efforts made to a great extent by the institute/teachers to inculcate soft skills, life skills and employability skills to make them ready for the world of work and 39.3% agreed that institute makes moderate efforts. 89.3% students agreed with the statement that the overall quality of teaching-learning process in the institute is very good.

Related to theory classes should know about that practically more and industrial visits

Nothing to say, all the teaching learning process are good keep it up

Not bad

To observe the strength and weakness of student

And

Expressed by freely teaching...

Good teaching quality

All are going good... so no suggestions from my side...

Okay

Some teachers are responded very good but some teachers are not respond

Yearly ones time industrial visit

all good

All are good

Over experience is good. It can better as we would always want our institute to stand high head held up.

1.You should better try to complete syllabus before one month of the exams, so that students can fully be prepared .

2. Account should be taught by account teacher

And Maths should be taught by math teacher 😊

Not understand

Better infrastructure

Really Nice

Especially Chemistry department really good...

More contact with students

We need some PG-cet books for students

Support to all activetes

Class time

Supar

Initial and important suggestion is to Comple portions and make the students get revisions properly and concentrate on students needs

In my experiance in our college there is no need of improvement. 😊
